Honeybee Illustration Contest

Entry period

From March 8th through
July 8th, 2026

Purpose

Through the drawing of honey bees, we want more people to reflect on the importance of the "natural environment," "sociability," and "life". We hold this contest with that intention.

Let's Draw a Honey Bee and Regenerate the Forest

For every submission received, we will carry out an activity to plant one sapling, both domestically in Japan and overseas.

How to Apply
